Subject: Design Information for Exchange

 **Patent Detail Design.zip** (1.3 MB HTML)

Steve,

Included in the zip file are two documents that provide a detailed look into the process [REDACTED] One document contains file layout structures, a timeline for the process, and "sample" data. The 2nd document contains the detail design flows for many of the key processing modules that were developed to support the exchange process.

Next time I can swing a meeting will be [REDACTED]
